The Rogosin Institute's friends, benefactors and staff celebrated at RI's annual "Tree of Life Gala" on Tuesday evening, March 28, 2006. This year's honorees were:

**Stephen Weiss**, managing director, Neuberger Berman, LLC and Chairman Emeritus, Cornell University Board of Trustees

**Bruce Gordon, M.D.**, director, RI's Comprehensive Lipid Control Center

RI board members: **Charlotte Ford, Dana Hiscock and Arnold Tracy**

(left to right) Arnold Tracy, Esq., Bruce Gordon, M.D., Charlotte Ford, Stephen Weiss and Dana Hiscock, Esq.

All the honorees were involved in RI's early formation and advancement. Steve Weiss, Chairman Emeritus, Cornell University Board of Trustees, was an advocate for RI and helped in its formation and affiliation with Cornell. Dr. Bruce Gordon has been instrumental in the development of all CLCC services and the creation and expansion of RI's clinical research programs. RI

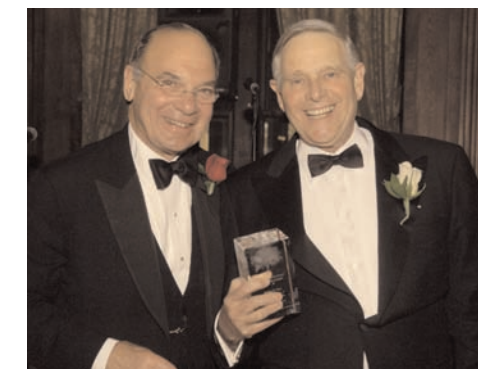

(left to right) Millie Barekzei, Myra Fasner, Fernando Calle, Kathleen Castillo and Lisa Maggio

long-term board member, Charlotte Ford, encouraged the creation of RI and helped establish the affiliation with The New York Hospital (as it was previously known) and board members, Dana Hiscock, Esq. and Arnold Tracy, Esq., provided counsel and expertise in non-profit organizations and continue to help advance the mission of The Institute.

The 2006 "Tree of Life Gala" was held at the elegant University Club. Mr. Charles Diker, dinner chairman, welcomed and thanked the guests. Sidney Knafel, chairman, RI board of directors, presented the awards to all the honorees while making note of each person's significant contributions to the developments at RI.

The Gala raised almost a half a million dollars for patient treatment and research at RI. Thank you to all who supported this event. Everyone had a wonderful time!!

### New RI Board Members

The Rogosin Institute is honored to announce the appointment of **Morton Certilman and Stuart Frankel** to RI's Board of Directors.

**Morton Certilman** has been involved with RI since 1992. He is senior partner, Certilman, Balin, Adler and Hyman LLP, one of the largest law firms in Long Island. He and his wife, Joyce's, interest in the advancement of RI's research and treatment programs led to their involvement on the Strategic Development Committee. In 2005, Morton was elected to The Rogosin Institute Board of Directors.

**Stuart Frankel** has also been involved with RI since 1992. Mr. Frankel is Chairman of Stuart Frankel & Co, Inc., a New York based independent brokerage firm. In the Spring of 2004 both he and his wife, Sharyn, became involved in The Rogosin Institute's Strategic Development Committee. His interest and important advice to RI led to his appointment on The Institute's Board of Directors in 2005.

### Staff Accomplishments January 1, 2005- May 1, 2006:

John Wang, M.D., director, Jack J. Dreyfus Clinic, was promoted to Professor at Weill Cornell Medical College.

Nanette Powers and Catherine Cody two of RI's staff nurses received certification as Clinical Certified Transplant Nurse (CCTN). This is a new certification as of October of 2004. Both Nanette Powers and Catherine Cody were in the first testing group to pass this examination, helping to keep The Institute's staff on the brink of patient and medical treatments.

Molly Brown and Felip Diaz of IGT, passed the SEOPF (South-Eastern Organ Procurement Foundation) Basic Histocompatibility Examination in June 2005. It is a challenging exam.

## STAFF SPOTLIGHT

### Rogosin Institute's Nurse Practitioners:

Barbara Casazza, N.P., *Queens Dialysis Center*  
Stephanie Donahue, N.P., *Polycystic Kidney Disease Center*  
Yvonne Noak, N.P., *Manhattan Dialysis Ctr*  
Abigail Scheuer, N.P., *In -patient Dialysis and Apheresis Center*  
Evelyn Twohig, N.P., *Manhattan Dialysis Ctr*  
Juliette Winters, N.P., *Currently in Iraq*

Each staff member at The Rogosin Institute helps ensure that RI patients receive the most advanced and superior care. Our Nurse Practitioners greatly enhance The Institute's ability to accomplish this quality care. They help aid doctors and other RI medical support staff. Nurse Practitioners can perform medical examinations and evaluations; make diagnoses, treat patients, conduct follow-up appointments,

(left to right) Evelyn Twohig, N.P., Yvonne Noak, N.P., Abigail Scheuer, N.P., Stephanie Donahue, N.P. Missing from photo: Barbara Casazza, N.P. and Juliette Winters, N.P.

perform consultations, and a number of other duties. NP's can also write prescriptions for medications and special testing as necessary per a doctor's approval. Barbara Casazza was the second Nurse Practitioner at The Institute. She was such a great asset to the Queens Dialysis Center making RI realize what a vital role NP's can play at The Institute. Currently at The Institute, we have five Nurse Practitioners who work in various centers directing patient care for dialysis patients, PKD patients, post-transplant

patients at the Dreyfus Clinic, apheresis and lipid patients. In addition, they assist in important research protocols.

Nurse Practitioners are a vital resource for both patients and RI staff. They are always available for the patients, and their advanced experience and training serves as an important adjunct to the physicians.

our many friends and staff. Following the play, Mr. Simon candidly responded to many interesting questions asked by our guests.

In addition, during the entire run of the play, The Institute has received contributions from the sale of promotional items. In total, this fun event raised \$70,000 to advance research and treatment programs at The Rogosin Institute.

## PATIENT NEWS

*An excerpt from a letter sent by RKC patient, Rick DeGeorge.*

*"As a Proud kidney transplant of 10 years and 8 months, you often live a daily life of tremendous swings from the elation of an excellent quality of life to days when you just don't feel well at all.*

*Lately, I have encountered a very rough going.*

*As I arrived in to the Dreyfus Clinic, I encountered Nanette, Martine, and Susan and by the way they were looking at me, they knew that I was truly not feeling well.*

*Their concern and expressions of thoughtfulness and care really hit home once again for me. As a transplant recipient, I carry a tremendous responsibility to many people: My family, friends, donor saint, co-transplant recipients, Doctor Wang, and the staff of Rogosin.*

*I think that their words of encouragement and concern for my general well-being once again opened my eyes and gave me hope.*

*I think Susan said it best as I was leaving, 'All we want you to do is feel better and call us if you need something.'*

*It's all about hope, which is a good thing.*

*I am very grateful for the tremendous time that I have been given by this 'Gift of Life'. Now, it's time to fight for each and every day and I am truly grateful for Doctor Wang and the staff at Rogosin, who stand by you in good times and bad."*

## The Rogosin Institute Scholarships at Weill Cornell Medical College

Dr. Albert Rubin, director of RI, and its members, support the Medical College's commitment to train the most talented students and therefore, were unanimous in support of the Medical College's Advancing the Clinical Mission scholarship endowment initiative set up by Dean Gotto. In June 2004, The Rogosin Institute established an endowed fund, "The Rogosin Institute Scholarships", at the Weill Cornell Medical College. The income from this fund will be allotted annually to "Rogosin Scholars", deserving medical students in need of financial assistance. The four students selected to be the Rogosin Scholars for 2005 were:

<i>Katherine De Stefano</i>	<i>Class of '09</i>
<i>Robert Leblanc</i>	<i>Class of '08</i>
<i>Siobhan O'Herron</i>	<i>Class of '09</i>
<i>Miguel Pineda</i>	<i>Class of '08</i>

(left to right) Katherine DeStefano, Siobhan O'Herron, Antonio Gotto, M.D., Miguel Pineda, Robert Leblanc, Albert Rubin, M.D.

The celebratory reception was held at the Griffis Faculty Club at Weill Cornell Medical College on January 31, 2006.

## Renovations

Dialysis waiting room undergoing renovations

The Institute's Helmsley Tower second floor lobby, hallways and dialysis waiting room have been renovated. The dialysis center's waiting room has been totally refurbished; giving patients, families and friends a more cheerful, comfortable space while waiting. The Manhattan Dialysis Center is such an active center with four shifts that all the hallways and floors, in need of a facelift, were refinished with new wallpaper and new flooring. In addition, all the lighting was reconfigured to provide a brighter, more pleasant ambiance. Patients and staff are very pleased by the new surroundings. RI is appreciative of the wonderful staff who, under the guidance of Pat, Nurse Administrator, helped the renovation proceed as smoothly as possible for our patients. The construction and furniture were supported in part by a generous grant from The Horace W. Goldsmith Foundation.

RI's Human Resources and Finance Offices located on the fifth floor at 504 East 74th Street have also been updated. The space was redesigned and refurbished to allow for a spacious waiting area in

Human Resources as well as offices with more space and privacy. The fifth floor now has a backdrop of beautiful furniture and paintings that makes for a most welcoming environment.

## VOLUNTEER NEWS

### Theatre Fun

RI's most recent theatre event, Neil Simon's "The Odd Couple", was held on Friday, November 18, 2005. It was Broadway's hottest winter season ticket!!

Playwright, Neil Simon, received a kidney transplant at The Institute last March and wanted to help raise funds to further research and treatment at RI. He arranged for The Institute to receive 300 prime seat tickets during the first few weeks of opening and agreed to speak with our guests after the performance.

All of the 300 tickets were sold to
