

## The Rogosin Institute

The Rogosin Institute is an independent, non-profit organization offering clinical care across the spectrum of kidney disease and its risk factors such as hypertension and diabetes. Rogosin is:

- One of the **ten largest dialysis providers** in the US
- **A pioneer in both transplantation and dialysis** having performed the first hemodialysis in NYC in 1957 and the first living related kidney transplant in NYC in 1962
- A world-class care provider for over 20,000 patients with all stages of chronic kidney disease (CKD)
- Leading the way with its **comprehensive education program for patients with advancing kidney disease (PEAK)** for support and better management
- A specialty care provider dedicated to the **diagnosis and management of autosomal polycystic kidney disease** in its Susan R. Knafel Polycystic Kidney Disease Center
- Conducting basic and clinical research in all aspects of kidney disease including a cutting-edge **Kidney Regenerative Medicine Laboratory**
- Nationally recognized for policy development of new health and health care models that include prevention and education

## Rogosin Home Dialysis Program

Rogosin has one of the largest home dialysis programs in the NYC area and is the only center offering monitoring for home hemodialysis without a partner. By learning to manage your dialysis at home you can improve your overall quality of life including increased flexibility for work and/or travel, less restrictive diet and more independence.

- All forms of home dialysis are available including home hemodialysis, home nocturnal hemodialysis and peritoneal dialysis
- We have a large team of nurses with extensive specialty training
- Individualized training for all home dialysis programs is available in all boroughs
- Home training is available with or without a partner
- A home visit is required before the start of training and is provided during the first home treatment
- Peer mentors are available for support

## Rogosin Dialysis Centers

### Locations in Brooklyn, Queens, Manhattan and the Bronx

Rogosin is the largest not-for-profit dialysis provider in the US. We individualize our dialysis services to meet your medical needs and lifestyle and provide:

- All forms of dialysis including in-center hemodialysis, peritoneal dialysis, home hemodialysis, and home nocturnal hemodialysis
- Nutrition counseling by specialized renal dietitians
- Support for patients in all areas of their lives, including adjustment to dialysis, insurance and community resources by renal social workers
- Physician and/or nurse practitioner is available to see patients at every treatment
