

At Rogosin, we believe that mental health is an essential component of overall health. We know that the challenges of kidney disease can be overwhelming at times, and we are committed to treating the whole person, not just their illness.

Please reach out to us or discuss with your healthcare team if you are:

- Having a hard time adjusting to dialysis
- Feeling down or depressed
- Feeling stressed or anxious
- Having difficulty sleeping
- Looking for exercises to help cope with pain
